Hello members & friends

As we start October, it is nice to know that we are about to embark on a new sailing season free from some of the hassles of prior seasons. It is no exaggeration to say that the last few years have been challenging for society in general and also at RYC, with the effects of COVID and La Nina driven weather patterns not being conducive with enjoyable sailing, windsurfing, SUPs, snorkelling etc.

A lot of work has occurred over the winter period to ensure the club and its infrastructure is in prime condition for the upcoming season. This is due in no small part to the many dedicated people involved in the club. It is especially pleasing that this dedication has been externally recognised, with Bob Cooper recently winning the Instructor of the Year and our RYC sailing school winning 'Discover Sailing Centre of the Year' from Australian Sailing (both not for the first time!). In addition Peter Kinsman also previously won the 'Volunteer of the Year' which also shows the great calibre of the many people who support our club.

Speaking of supporting our club, please ensure that you turn up for your rostered duties (or swap with sufficient notice) as our club will not run without everybody 'pitching in'. If you are not sure of any tasks – just ask – there are no silly questions.

The club is here for your enjoyment – make the most of it - whether you are casually sailing, racing, snorkelling, paddle boarding or just floating around.

Russell Matthews  
Commodore

---

## From the Editor

---

On Friday 15<sup>th</sup> September Peter Kinsman, Bob and myself attended the Australian Sailing Awards – Victoria. Our club was nominated for the Best Small Club, the Sailing School as the Discover Sailing Centre and Bob was nominated for the Instructor of the Year. At the end of the evening we were lucky enough to come home with the Discover Sailing Centre of the Year and the Instructor of the Year.

Bob will now be progressing on to the Australian Sailing Awards night in Sydney, being nominated for the Instructor of the Year.

Good luck Bob!

**\*\*Please Note that I have included the volunteer roster for the next 2 months at the end of this issue. Please check when you've been rostered and if you're unavailable please try and swap with someone or inform Peter or Scott at the email address or give them a call.**

---

# Sailing

---

Welcome to the 2023 Rye Yacht Club Sailing Season.

It's been a very busy and productive off season. It won't be long I believe that the winters will be just as busy and entertaining as the summers are. There's plenty going on and it's great to see the level of engagement across the members.

The implementation of the RYC Recreational Group on WhatsApp has been a success, it's great to see all the adventures of those involved and the banter is a lot of fun. The added safety of going out on the water and having a community making sure you are back safe is a huge benefit that should not be underestimated. If you're not a part of this group, sign up [here](#).

Another great success is the RYC YouTube Channel. We'll showcase a lot of the activities around the club this season. There's already some videos posted so Subscribe, Like and Comment on the channel to help drive more views and promote the club. We do a lot more activities than any other Yacht Club so it's a fantastic way to showcase the lifestyle we have. Jump on the channel [here](#).

As you are all aware we are hosting the Windsurfer Class State Titles over the weekend of 28<sup>th</sup> and 29<sup>th</sup> October. This will be a fun event. The Windsurfer Class has a 50% Fair Racing and a 50% Social Fun Rule, good fun on and off the water. The Windsurfer has an amazing history and almost all of the technology you are seeing today in high performance yachting was developed initially through windsurfing. The Windsurfer LT Class that we are hosting can get up 370 competitors to a world championship and more windsurfers have been sold than any other class with sail numbers going into the 400,000s. The callout has been sent for assistance during this event and it would be great to show a progressive fun association what a progressive and fun club RYC is. Get on board! (See what I did there? Yes, clever.) While you're subscribing to the RYC YouTube Channel check out LT-Tv and see what this class is up to and all about [here](#). This week's edition of Bar Karate - The Sailing Podcast, Ep 229 the boys had a great discussion with the President of the Windsurfer LT Class Australia, Nick Bez. If you would like to listen to the podcast, click [here](#).

We have a few initiatives coming this season to support those wanting to sail on the race course. Keep an eye out for these in the future but I think there's many sailors missing out on a lot of fun and comradery by not racing with others and at the end of the day it's the personal experiences that matter, not results.

The Volunteer Roster has been posted on the Sailor App up until the 26<sup>th</sup> November. Please make sure you familiarize yourself with the days you are to assist the club, the club can't operate without the assistance of our members so please make sure you're available for your responsibilities. Yellow tags are being made available for members to attach to their sail bags in the sail storage areas. Please make sure you grab a yellow tag and clearly mark your name on it and attach it to your sail bag/s. This is the next area the club is looking to tidying up as there are some abandoned sails in the storage areas. Make sure you mark it so we don't remove it. See Pete or myself for some tags.

Many of the abandoned kayaks have been sold, there a few still remaining, (see Below), if you would like one for a great price please message me and I'll get you sorted. They'll be listed publicly next week so get in a grab one before they're gone.

Let's have a great season, let's have a great time and live the lifestyle we all work hard to achieve. We are very lucky to have the opportunities we have so let's make the most of them and have a season like no other.

See you all at the Opening Eve Dinner!

Scott Paton  
Rear Commodore

# Sailing school report

---

Hi all,

I have several new initiatives to write about in this issue of Sandbar. Some are targeted at Adults who have finished their Start Sailing 1 and 2 courses or new sailors at the Club; while others are targeted at either adults or development squad coaching participants who are interested in getting into Club Racing. The underlying aim of these initiatives is to increase the numbers of members sailing at the Club and to try to ensure they have fun in doing so.

## **Saturday Sailing for Adults:**

While we will still have Club Racing on a Sunday afternoon, we want to make sailing for adults on a Saturday a real focus for those who do not want to race. We already have our Adult Start Sailing 1 and 2 courses on a Saturday from 9:00 until 2:00 and last summer we began to get a group of adults together who were interested in coaching sessions from 3:00 until 5:30. This year, we have scheduled 18 sessions of Adult Coaching starting on Saturday November 4<sup>th</sup> and running through until Saturday April 6<sup>th</sup> with a short break over the Christmas/New Year period. The idea of these sessions is to sail a set on water activity together and get feedback on your sailing while on the water from a Coach/Instructor to help improve your sailing skills. There will also be the opportunity to get feedback about your boat set up and making sure it is suitable for the conditions on the day. There will be one or two safety boats on the water depending on numbers each day. The cost for these is \$100 for four sessions if using a Club boat or \$50 for four sessions if using your own boat. These do not need to be sequential sessions and can be paid one day at a time if you prefer.

If you just want to social sail with other Adults on a Saturday and not take part in the coaching sessions, you can check when the coaching sessions are on in the program and know that there will be at least one safety boat on the water when you are sailing. The best part of sailing with others on the water is having a chat about your sail once you return to the beach. We want to encourage adults to sail socially on a Saturday afternoon to help build this social contact with other sailors. We know that a number of people are concerned about “getting in the way of those racing” on a Sunday afternoon, but this is not a problem on Saturdays. Please take advantage of this opportunity to build your social connection with other sailors, you will enjoy sailing more with other boats out on the water at the same time.

## **Getting started in Club Racing:**

This is another area that we can do better. Quite a few people who have not raced before are anxious about joining in with Club Racing. Will I get in the way of others? How do I find my way around the course? Will I be embarrassed if I get lost on the course or get too far behind? Starting racing is a big step, especially for those who have just joined the Club or just learned to sail. This option is available for both adults and younger sailors.

We are suggesting two options for those who would like to try racing, but need a little help to take that step:

- One is that we have a few people who can offer to go out with you in a two person boat (either your own or a Club Pacer or RS Quest) and sail a race with you so that you can become familiar with the start sequence, the start process and sailing the course. If you would like to do this, please talk to either myself, Peter Kinsman or John Dunn to make this happen. Please try to do this at least the day before the event to make arranging the details easier.
- The other option is to arrange for one of us to follow you closely around the course in an extra safety boat (Northerly or Lucky Duck) to give you advice about what is happening and what

to do. Again, we would like at least a full days' notice before this event arrange for this to happen. Preferably ask myself or Peter Kinsman if you would like to do this.

Taking the step to start racing can be quite daunting, if one of these options would help you and you would like to start racing, please just ask. Again, I will stress that one of the best things about sailing with others, whether you race or not is to be able to have a chat after sailing with those who were on the water with you.

Next in my article for this Sandbar is to list the Sailing School courses to be run for the summer and their starting dates:

**Adult Learn to Sail Courses** – starting dates are November 4<sup>th</sup>, January 13<sup>th</sup> and February 24<sup>th</sup>.

**Tackers 1, 2 and 3** (7 to 11 year olds) – starting November 5<sup>th</sup> and January 28<sup>th</sup>. We may run a course in early January if there is enough interest.

**OutThere Sailing** (12 to 17 year olds) – starting November 4<sup>th</sup> and January 27<sup>th</sup>. We will also have a three day course in January starting on Tuesday January 16<sup>th</sup>.

**Saturday Development Squad Coaching** – starting October 14<sup>th</sup>.

**Sunday development Squad Coaching** – starting October 15<sup>th</sup>.

**Adult Coaching / Adult Saturday Social Sailing** – starting November 4<sup>th</sup>.

We will also be running:

- **Powerboat Handling** courses
- **Safety Boat Operator** courses
- **Windsurfing** courses
- **FoilLabs**
- **Learn to Wing** courses
- **Learn to Wing Foil** courses
- **Stand Up Paddle Board** lessons

These will be run when we have enough people interested and then where we can fit them in to the program.

If you are interested in any of these, **please send an email ASAP to confirm your interest**. We do already have quite a few enrolments in these courses so please let us know as soon as possible.

I am also doing a “try windsurfing” activity on both the Saturday and Sunday of the last weekend in October when we are running the Windsurfer LT State Championships. If you want to have a try at windsurfing, this will run from 12:30 to 4:00 on each day – weather permitting. You just need to turn up on the day with some wet weather gear. It is a free activity.

I have already run our first Powerboat Handling Course for the summer with six people doing the theory and seven doing the on water training. That was a long nine hour day out on the water for me made extra-long because we had to launch and retrieve Westerly from the boat ramp – the tractor was still away for repairs. We do already have a few people interested in the next one. For many of the courses listed without a starting date, they will run on Saturday afternoons in the 3:00 until 5:30 timeslot. I also have some time in January to slot in a few extra courses.

If you have not already done so, check out our newest toy – go to the front page of the Club website and click on to the link at the top for the Club YouTube page. I mentioned the blow cart in the last Sandbar, but since then I have been able to sail it on the beach in decent wind. The two videos with

the smaller mainly red sail, the wind was 30 knots plus. Having a 4.7 metre sail made it quite easy to control although I did tip it over once when the sail got caught on the steering handle. That day was a lot of mucking around and changing minor set up issues including moving the sail up a bit after the capsize to prevent the same thing happening again.

The following day the wind was down to around 13 to 15 knots, but there was a wider stretch of beach. I put on a 5.5 metre sail (mainly green) and sailed up and down for well over half an hour and kept out of the water most of the time. *Absolutely awesome fun*. Thanks to Peter, John and Mark for their work in putting the cart together. It really will be a winter toy as you need a clear beach to be safe, but as I said – *awesome fun!*

Lastly I need to thank you to everyone who has helped to run everything and participate in the Sailing School programs last summer. It is a great team effort and we were able to win the Discover Sailing Centre of the Year at the Victorian State Australian Sailing Awards held a few weeks ago. This is an incredible effort from everyone. We have now won that award three times in eight years.

Hopefully we will see many of you on the water next Sunday. I am looking forward to a long hot summer.

Bob Cooper  
Sailing School Principal

## **Help Wanted:**

We are seeking volunteers to help run the 2023 Windsurfer LT State Championships in October on **Saturday 28<sup>th</sup> and Sunday 29<sup>th</sup>**.

We need volunteers to help with:

- Lunches on both days
- The evening meal on Saturday

Please send an email to: [secretary@ryeyachtclub.org.au](mailto:secretary@ryeyachtclub.org.au)

## **Save the date:**

RYC Christmas Picnic on Saturday 16<sup>th</sup> December from 4.00pm. More details to come closer to the time.

## **RYC Wine Fundraiser:**

RYC has joined Prospect Wines to bring you some cheer!

Simply order and pay online and your RYC wines will be delivered directly to your home. Go to the RYC online shop <https://prospectwines.com.au/product/rye-yacht-club/>

A percentage of each purchase goes towards the Rye Yacht Club.

See you either at the Opening Eve Dinner or at the Club on Opening Day. Don't forget to bring a plate of morning tea for Opening Day.

Neville Taylor  
Social Committee

## RYC Canteen

The Rye Yacht Club Canteen operates on all Sailing Days offering lunch, snacks and a bar at the end of the day. Purchases can be made by EFTPOS or we offer a Tab system.

The Canteen also stocks a range of RYC Merchandise for sale.

Come and see our friendly volunteers when you are down at the club to purchase.

### RYC CLUB MERCHANDISE

#### Available at the Canteen

Polo Shirt – Short Sleeve	\$38.00
Polo Shirt – Long Sleeve	\$38.00
Fleece Hoodie	\$55.00
Baseball Cap	\$20.00
Beanie	\$15.00
Face & Neck Gaiter	\$15.00
RYC Water Bottle	\$15.00
RYC Stubbie Holder	\$10.00

### Opening Day

Please bring a plate to share for morning tea at the Opening Day.

## Changes to marine regulations – June 2023

The Victorian Government has introduced the Marine Safety Regulations 2023 to improve safety for Victorian boaters.

The new regulations apply from June 11, 2023 and replace the now expired Marine Safety Regulations 2012.

A summary of the changes is below.

- The following changes now apply for lifejacket use in Victoria:
  - In situations where children are always required to wear life jackets, the age limit has **changed from 'less than 10 years old', to 'less than 12 years' old**.
  - A sole adult boating with children less than 12yo is considered boating alone and must comply with the heightened risk provisions that apply to boating alone.
  - Mandatory lifejacket wear applies in times of heightened risk,
  - Australian standards are to be the only recognized standard for lifejackets in Victoria.
  - This change will apply from July 1 2028.
  - The new regulations replace references to 'personal flotation device' with the common term 'lifejacket'.
- Marine flares
  - The regulations introduce an option for vessels operating on **enclosed waters** to carry one of the following **in place of pyrotechnic distress flares**:
    - a Global Positioning System (GPS) enabled Emergency Position Indicating Radio Beacon (EPIRB), or
    - Personal Locator Beacon (PLB), or
    - **VHF marine radio** with a minimum 25-watt output (i.e. **not a handheld**)
- Marine Radios
  - 27MHz radios no longer meet the definition of marine radios.
  - Marine radios must be ACMA-approved VHF radios.
- Navigation lights
  - There is a new infringement for installing navigation lights incorrectly, including having navigation lights installed incorrectly during daylight hours. This means that if **you have navigation lighted fitted**, they must be fully operational, **even during daylight**.

## Sails stored at RYC

The sails stored at the Club are becoming hard to keep track of.

To address this, the Executive Committee has purchased plastic tags that can be written on. We will have these available in the changerooms, along with a permanent marker.

When you next take your sails down, please attach one of the yellow tags and write your Sail number on the tag. You can also write your name if you wish.

The tags are stored in the document pockets in the garage.

Please **do not insert the tie into the label until you are placing on your bag**, as they cannot be removed once inserted.

In time, we will be able to check for any sails that are not being used.

## SUP Storage Cabinets

A reminder that the SUP cupboards are protected by a monitored alarm system and if you need to access the SUP Cabinet, please reminder to turn the alarm off before opening the doors.

The red LED above the keypad will be lit if the alarm is on.

If you are unsure or need assistance, please contact me on 0418 619921.

## New Canteen Window cover

Thanks to John Dunn and Kevin Thomas the area above the canteen window had laserlite installed. This will provide weather protection to the canteen window and also the beautiful canteen counter.

Peter Kinsman  
Club Secretary

# The Great Barrier Reef Needs You!

---

Vivienne Paton-Jones would like your support to sign a petition to develop a a Net-Free Reef.

The Great Barrier Reef is the heart of Queensland and one of Australia's most iconic destinations. Its waters are home to an incredible array of marine animals, including turtles, dugongs, whales and more. It's also a hub for people, a vibrant, bustling centre for coastal communities and tourism.

But the Reef faces increasing pressure from climate change, water pollution and commercial gill net fishing.

Gill nets hang along the ocean floor and can reach up to 600m in length. These deadly nets trap more than just the fish they're intended to catch. They also entangle and kill countless turtles, sharks, dolphins and dugongs.

Fortunately, there is a solution - remove the nets.

A Net-Free Reef will protect so much more than just precious marine animals - it will safeguard the livelihoods of the people and communities who rely on a healthy and vibrant Reef.

Sign the petition and join us in calling on the Queensland Government to make our Reef free from commercial gill nets.

To sign the petition – [click here](#)

### **Vale**

This past month saw the passing of 2 of our past members, Betty Myers and Gordon "Doc" Hyde.

Betty Myers along with her husband Wally (dec) were founding members of the club with their children: David (Curl), Bruce and Robert. In fact the first meeting of the club was held at their home with Wally being elected the Club's first Commodore. Curl and Michelle are still members along with their children. Gordon "Doc" Hyde was a member of the club during the early years. The Hyde family have long been involved with the club with his son Gordon jnr being a past Commodore and granddaughter Kate being one of our Tackers Instructors for many years.

Our condolences go to both of their families.
