Editorial

Just a short editorial. I would like to thank Karl for the terrific job he has been doing taking photos and videos posting them on our different media outlets eg. Facebook, youtube and the WhatsApp recreational page. They are terrific and you can access most of them via our website. If you have any photos let us know so we can post them. Our sponsorship relies on being tagged onto these.

The WhatsApp recreational group is worthwhile having on your phone especially with summer coming so you can link up with other members to sail, kayak, source boat parts, ask for advice or just chill out with others. You need to contact Peter K to join so that we can restrict it to club members.

Now a little indulgence here. Congratulations to Bob Cooper for not only being named as the Australian Sailing - Victoria Instructor of the Year but also for winning the Australian Sailing National Instructor of the Year (both for the second time). Well done Bob!

Also the Sailing School won the Discover Sailing Centre of the year for Victoria, for the third time. This award belongs to all those Instructors and volunteers (young and more experienced) who help out at the Sailing School. This ranges from Adult and Junior sailing courses to Windsurfing, Wing Foiling, Powerboat Courses etc. It also includes those who volunteer for our Rye Primary School Program and not only help in the water but also those who do the catering for this and other events. Well done all of you!!!

You will also notice we are recycling cans and bottles for the club, thanks to Mandy Robertson for this innovation. Please put these in the large bin appropriately marked.

As the cans and bottles need to be scanned please **do not** crush them. Feel free to bring cans and bottles from home as long as they are clean, empty and appropriately marked as being eligible for a refund.

The other recycling bin is still being used for other recyclable items.

I hope everyone has a great Christmas and remember there's plenty of sailing over the break just look at the sailing program on the website or on your phone under "program" on the Sailor App. Haven't got the Sailor App? You can download it or ask Peter K for help if you're not tech savvy.

Jean Cooper

Commodores Cabin

Hello members & friends

As 2023 draws to a close, I think we are all looking forward to the New Year after what has been a challenging time for many people generally. The weather gods have also not been kind for this season to date with either too little or too much wind affecting training and sailing.

Hopefully with the New Year will come improved weather for more enjoyable sailing. If you are improving your sailing and are interested in moving up to the next level of casual racing, the club is now introducing a 'cruiser' division for those who want to start out racing in a very supportive and easy way. Look for further information regarding this from the sailing committee.

Just a reminder that our club is volunteer based, so please ensure that you turn up for your rostered duties (or swap with sufficient notice) as our club will not run without everybody 'pitching in'. If you are not sure of any tasks – just ask – there are no silly questions.

The club is here for your enjoyment – make the most of it - whether you are casually sailing, racing, snorkelling, paddle boarding or just floating around.

Russ Matthews
Commodore

Sailing

Hi all,

It's fair to say the weather hasn't really been playing to our favour since the season started. The systems haven't lined up with the weekends very well for optimum sailing conditions but it has made for some early summer beach days without any wind which can also be nice.

General Stuff

I'll quickly get some general business out of the way, I've noticed that while the forecasts have been pretty ordinary, those that have been registered for duties have been turning up for them. Thank you, it is noticed and you are legends! Just a little reminder if you're washing the patrol boats please take out the bungs before washing and then return the bungs to the boat.

The sail storage area in the men's change room has been upended and sails that we know have been tagged. If you have not tagged your sail yet it may be in the 'unknown owner' pile, especially a Laser sailor, and may end up as Luigi's free tarp to hold down his green waste in his 6x4 trailer on the way to the tip. If you're missing a sail, see Pete or myself.

We are still continuing to see some small fleet sizes, some of it is weather, some are waiting until the Xmas break and some are...well, I don't know. We have been working on ways to get people out on the water together. I really think this is where the value of racing is, all being on the water together and at the same time the safety boats are there for your total enjoyment. Anyway, there'll be some more to come on this and we'll also be stealing some ideas from growing classes that are flying like the Windsurfer Class. Oh look, a segway...

Windsurfer State Titles

We successfully hosted the Windsurfer LT State Championships on the 28th and 29th October... Ok, so when I say "Hosted the State Championships", I'm using this term quite loosely! While we had a very strong showing of 62 competitors for this event that came to play at our little club, well, the weather of course did not. So, in reality, we didn't get away one official race at all over the weekend which for me was disappointing.

This of course didn't mean we sat around doing nothing like most sailing regattas, no, these are windsurfers and they'll go out in anything!

On the Saturday we pretty much had a 30knot Northerly all day so official racing was canned and redesigned to be a proper off the beach slalom event reminiscent of the old Blow Wave carnivals. This was a lot of fun and very entertaining for those on the beach with all the high speed thrills and spills just meters for the sand.

While we had 30knots on Saturday luck would have it that on Sunday we had... you guessed it, zero wind, absolute bubkes, nada, nothing, zilch! Aaaaargh! Again, a race was designed and developed on the spot to create the most chaos and pandemonium but above all fun for funs sake.

Conditions over the weekend were tough and honestly unfair, as while the wind wasn't working, the weather, temperature wise was pretty good, especially the second day. What did work though, was the volunteers we had over the weekend. An absolute stunning display of what we are capable of. I am still getting correspondence about how great our club is, the continuing theme I'm hearing is "We wish every club was like this one". This is a really important point to take note of, a club can ruin the regatta experience for a class. A class can lose members because of it and the club also loses out in the long run from negative word of mouth. In our case however, for this weekend, all talk has been extremely positive. For those that weren't there, I'm sorry you missed

out. To the volunteers we did have, thank you. You did so much great work, you had to pivot so many times to fit in with constantly changing programs and you did so every time with poise and grace. It's important that we, as volunteers, also enjoy the events we host. From what I had time to observe it looked like everyone was enjoying the experience and I really hope you did. There were times where some were under the pump more than others but the team work and respect for each other showed and was certainly noted by our visitors. You should all be very proud of your efforts, I know I am. The class will be returning in the future for other events so keep an eye out for that. Check out the clubs YouTube channel to see some of the action over the weekend [here](#).

If you have some footage from out on the water and you would like us to publish it on the channel chat to Karl, Mick or myself.

Merry Xmas

I'd like to wish everyone a very happy and safe Christmas, take the time to spend quality time with loved ones and really enjoy the moments. Hopefully the weather is warm and we can all get to the club and have some relaxing beach days and get in the crystal-clear water we've been fortunate to have this season.

Capel Sound Invitational "Battle for the Bar"

As many of you already know, last year was the first event in collaboration with Rosebud Yacht Club. It was a huge success with Rosebud YC very much putting this race front and center of their racing calendar this season. They won last year by a matter of seconds, they can smell blood in the water and it is our duty to respond with overwhelming force. We think this type of race may be the first of its kind with two clubs literally going head to head and sailing at each other.

This race is scheduled during a window between the 27th and 30th of December, as it is designed to be a "reaching" race for maximum participation and fun. This is to try and select the best sailing conditions for the race.

After the race both clubs will be meeting for dinner and presentation at Escape Brewery. Early registrations are open now, you can text "I'm in" and the number attending dinner (to help catering) to 0411 442 991. Those that register before the 16th December go into the draw to win a six pack of beer from Escape Brewing. Keep an eye out for more details!

Scott Paton
Rear Commodore

Sailing school report

Hi all,

As you may have noticed, through November our weather has been up and down like a yoyo. While September was warm and mostly dry, October was either quite windy or almost nothing and during November we have had a lot of rain to throw into the weather pattern. They promised us a hot dry summer so I hope we see a significant change in December. Even on the weekend when we hosted the Windsurfer LT State Championships, we had one day that was too windy for course racing and the following day there was next to no wind in the morning and a little more in the afternoon.

All our normal courses, Tackers, OutThere Sailing, both Development Squad groups, Adult Learn to Sail and Adult Coaching are well under way although most groups have had some time when they have not been able to sail due to the weather patterns. Even changes during the day have meant that a group in the morning may be able to sail and the after lunch group has had no wind. Last Saturday, the OutThere group sailed in a light breeze in the morning and the Development Squad in the afternoon had a try at sailing after lunch but finished up the session on the sea biscuit in absolutely no wind.

Our Development Squad numbers are up from last year, with the Tackers, OutThere Sailing and Adult Learn to Sail down a little. We will be scheduling another Powerboat Handling course in January and hopefully both Windsurfing and Wing Foiling courses in January as well.

We have recently purchased another Wind Foiling set up with a 145L, six foot JP board a Cabrinha foil a similar size to our other one and a 6 metre wing. This gives us a good range of wing sizes for a range of conditions. A couple of weeks ago, when racing was cancelled, Kai went out on the older board with a 5 metre sail in 30 knots of wind. You can see how he went on the YouTube channel video "Nice Kai." He had a great time and sailed really well. We are still learning as a group about gear set up, Kai had the wing inflated more than we usually do and this helped in the stronger wind.

While mentioning the YouTube channel, a number of videos, mainly from this summer, have been posted, mostly edited by Karl, Scott or Mick Russell. Have a look at these if you have not already, they are a great way to help promote the Club to the public. There is some great footage of the Windsurfers, some of the "blowcart" another of Opening Day and a great one of Elandra snorkelling with the spider crabs last summer.

While mentioning the blow cart, thanks to Peter, John and Mark who put the cart together from some plans that Peter was able to get hold of. It really came about after Scott had brought down a skate board that we had mounted a windsurfer sail on. Scot, Karl and I had had some fun on a few North wind days earlier in winter. The North wind and an empty beach are the most important factors to sail with either the skate board or the "blowcart." In actual fact, our land yacht is not really a blowcart – Blowcart is actually a class of land yacht. While ours is somewhat similar, the Blowcart class has a more effective mainsheet system which runs through 3 or 4 blocks on the foot of the sail. The Blowcart Class have recorded a top speed of over 140 kph. We have not been anywhere near that, but we have used our land yacht with both the OutThere Sailing group and the Saturday Development Squad groups when it was too windy for on water sailing.

My best time on the water with any group this season has been with last Sunday mornings Development Squad, supervising the OpenBICs and Minnows sailing. We had Tom Martin and Alex Ihara sailing Minnows and Pippa Hart, Josh Martin and Banjo Elliot-Wilson sailing BICs. Most

of the bigger boats did not stay out for too long and the two Minnows went in before the BICs. However, Pippa, Josh and Banjo stayed out and blasted backwards and forwards on a beam reach for ages. They did have a swim or two each, but they all had a ball in sixteen to eighteen knots of breeze. It was really great to watch them have so much fun.

On the same day, the Tackers 2 and 3 sailors sailed out to the 5 knot marks with the cut down sails on the Optis. It is great that we have this option to keep them on the water in stronger winds. While there is theory that needs to be covered in the course, keeping them on the water in most conditions is certainly what we want to do.

Also, on the same day Kai, Chris and Declan took a windsurfer out with a 5 metre sail. This was on one of our SUP boards that has a centreboard to make windsurfing easier. By this time, I had taken a wind reading with the eighteen to twenty knot winds continuing, but with gusts reaching 25 knots only 250 metres from the beach.

Unfortunately, it was the day we had chosen to run a Discover Sailing Day. Not much sailing was done during this event other than Sally and Niamh taking a number of potential Tackers sailors in an Opti with a cut down sail. We did have quite a few people interested in both Tackers and Adult Learn to Sail courses. In fact one family had already joined the Club before Jean and I got home.

It has been very busy with Scott Watson running a Windsurfing Instructors Course last weekend. Both Scott and the course participants were very complimentary about the casual, friendly atmosphere of our Club. Scott specifically asked Australian Sailing to run the course at Rye after running one here last summer. We have the equipment to support this and everyone at the Club is always most helpful.

With Christmas fast approaching we will have a short break over the Christmas / New Year period for most of our courses. Don't forget that you can still come to the Club and sail during this time. We have Summer Green Fleet scheduled during the morning on seven days during this time. This is meant to be a fun event for younger sailors. Most people in Tackers 2 or 3 or in the OutThere sailing group or either Development Squad group can easily sail well enough to join in with Summer Green Fleet. Check your sailing Program in the back of your Sailing School Handbook for dates. If you want to sail on other days, just send me an email including when you want to sail and what boat you want to sail in. Preferably do this the day before you want to sail.

Last week the Sailing School was lucky enough to again receive sponsorship from the Bendigo Community Bank. This continues the sponsorship we have had for over 10 years and helps to subsidise the sailing scholarships we give to Rye Primary School students as well as other equipment.

I hope to see you on the water many times through December and January. May the hot dry summer bring us great sailing conditions.

Bob Cooper
Sailing School Co-ordinator

Social Committee News

SOCIAL COMMITTEE 2023-2024

Neville Taylor (Pres), Bec Marthick (Secretary), Sam Naismith (Treasurer), Sally Naismith, Andrew Wallace, Christine O'Keefe, Maj Gale, Bern Russell & Robert DiPierdomenico

SOCIAL NEWS

The Rye Yacht Club has been a real buzz to be around with members and guests enjoying a lot of social enjoyment at the Opening Eve Spit Roast Dinner and hosting 50+ visitors from the Victorian Windsurfers' Association in October. A huge thankyou to all the members who gave their time and energy in making sure all windsurfers and guests had a memorable weekend of fun and enjoyment around the Rye Yacht Club. Saturday night dinner was a wonderful feast of a gourmet BBQ and Salads with drinks serviced from the now famous RYC Opti Bar.....

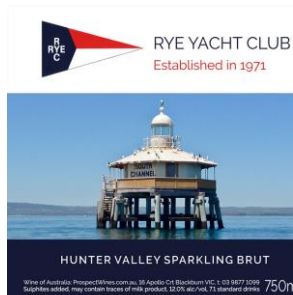

And while we are thanking volunteers, a huge thankyou to those who were available and able to help out at the RYC Bunnings Sausage Sizzle on Saturday 18th November. Thank you all so much to Gerry O'Dowd, Christine O'Keefe, Bec Marthick, Suzette Taylor, Mick Russell, Trudy Clarke, Judi Blowers, Georgia & Nicky Fabien, Megan and Tony Campbell, Sam, Sally and Rod Naismith. You gave your time, energy and happy faces to make sure it was a very good day overall with the queue being quite a few deep many times throughout the day, even people looking for a sausage as we were packing up at 4.30!!!! We cleared \$1,400 profit for the day and given that this was a makeup one offered by Bunnings because the June date was so ordinary, that is a bonus for RYC...

And we can't underestimate the value in being there to showcase RYC and talk to many people who wanted to know more about RYC and what it's like.

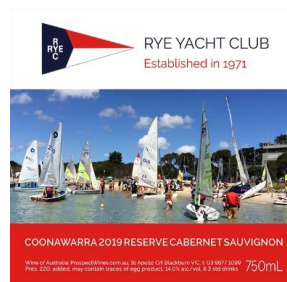

TRIPLE TREAT DAY – Saturday 13th January 2024

Mark this one in your diary with more details to come to you in the New Year. This is a day of triple treat that will include gourmet food off the BBQ hotplate for members and guests throughout the day's sailing and water activities. This will be followed by a social / music gathering for members and guests and upstairs is for the young members and their annual movie/games night.

WINE FUNDRAISER – Get Your Christmas Orders In and Support RYC

Rye Yacht Club have joined Prospect Wines to offer a great value wines to help for our club. Thank you for Order your Christmas Supply of

with selection of raise funds your support! Wine at:

<https://prospectwines.com.au/product/rye-yacht-club/>

Until December 10, all orders go in our raffle to win 1 of 2 \$200 Food + Wine Hampers, PLUS a \$50 donation to this fundraiser!

RYC continues is connected with Prospect Wines to give you the opportunity to purchase from the summer series of wines bearing our very own RYC Label. A great way to get yourself a good quality selection of wines at a reasonable price and at the same time knowing that for every box purchased, you are supporting your club.

Proceeds from the sale of every dozen will directly benefit our club, so we thank you very much for your support.

CANTEEN

The Rye Yacht Club Canteen operates on all Sailing Days offering lunch, snacks and a bar at the end of the day. Purchases can be made by EFTPOS or we offer a Tab system.

It is great to see the Canteen busy over the weekends. To help our volunteers cater for lunches it would be helpful to order your lunch by 10.30am. Come and see our friendly volunteers when you are down at the club to purchase.

The Canteen also stocks a range of RYC Merchandise for sale. See prices later in Sandbar.

Around the Club News by Peter Kinsman

Our Coastal Future

Through the Shire's "Our Coast Our Future", they're developing a long-term plan to manage coastal hazard impacts across our region.

The Shire's Our Coast Our Future will develop important long-term planning to manage the coastal areas of the Shire and drive efficient and sustainable outcomes in the face of climate change. This project will combine latest science, technical assessments and community aspirations to shape a strategic approach.

Share your ideas, by viewing the Shire's site at <https://shape.mornpen.vic.gov.au/our-coast-our-future>

Arnie has new wheels.

This season we budgeted to replace the tractor wheels with new galvanised ones. This mitigates the risk of the old, rusted wheels failing and our season being disrupted for several months.

The tractor also received new batteries and a service, so it's all good for many years to come.

Windsurfers

I know it has been said, but I want to let you know how much the Windsurfers appreciated our club's efforts to make them feel welcome. They loved the atmosphere and the friendly service they received from the Club.

Even Trudy Clarke did her bit 😊

Peter Kinsman
Club Secretary

The Great Barrier Reef Needs You!

Vivienne Paton-Jones would like your support to sign a petition to develop a Net-Free Reef.

The Great Barrier Reef is the heart of Queensland and one of Australia's most iconic destinations. Its waters are home to an incredible array of marine animals, including turtles, dugongs, whales and more. It's also a hub for people, a vibrant, bustling centre for coastal communities and tourism.

But the Reef faces increasing pressure from climate change, water pollution and commercial gill net fishing.

Gill nets hang along the ocean floor and can reach up to 600m in length. These deadly nets trap more than just the fish they're intended to catch. They also entangle and kill countless turtles, sharks, dolphins and dugongs.

Fortunately, there is a solution - remove the nets.

A Net-Free Reef will protect so much more than just precious marine animals - it will safeguard the livelihoods of the people and communities who rely on a healthy and vibrant Reef.

Sign the petition and join us in calling on the Queensland Government to make our Reef free from commercial gill nets.

To sign the petition – [click here](#)

Welcome to our new members.

Welcome to the following new members:

- ❖ Maxim Clabassi as a Junior Sailor.
- ❖ Harlem Davenport as a Junior Sailor.
- ❖ Anthony and Kim Daniel and their grandchildren Jack, Heidi and Hendrix.
- ❖ Su-Anne Chia joining as a senior member.
- ❖ Stephen Hipwell joining as a senior member sailing a Mirror.
- ❖ Marion Thomas joining to do the adult sailing.
- ❖ James Utley joining as a Junior.
- ❖ Michael Vincent, Clare A'Beckett and children George and Abigail joining as a Sailing family with an A-Class.
- ❖ Bettina Van der Pligt and Therese Taylor as a Family

Kayakers

Due to popular demand, we have created the RYC Social Kayakers on Whatsapp. To join this group, please contact Marg Darcy, Val Smith, Neville Taylor or Peter Kinsman. This is a group of members who like to engage with each other to organise social kayaking sessions.

What's on this month?

- Club Working bee on 9th December.
- Christmas Picnic 16th December from 4:30pm onwards
